Engineering Mesenchymal Stem Cell Spheroids by  
Incorporation of Mechanoregulator Microparticles

Fatemeh Abbasi, Mohammad Hossein Ghanian,  
Hossein Baharvand, Bahman Vahidi, Mohamadreza  
Baghaban Eslaminejad

PII: S1751-6161(18)30601-5  
DOI: <https://doi.org/10.1016/j.jmbbm.2018.04.026>  
Reference: JMBBM2777

To appear in: *Journal of the Mechanical Behavior of Biomedical Materials*

Received date: 19 December 2017  
Revised date: 26 April 2018  
Accepted date: 30 April 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting galley proof before it is published in its final citable form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
