Local deformation behavior of surface porous polyether-ether-ketone

Nathan T. Evans, F. Brennan Torstrick, David L. Safranski, Robert. E. Guldberg, Ken Gall

PII: S1751-6161(16)30312-5
DOI: <http://dx.doi.org/10.1016/j.jmbbm.2016.09.006>
Reference: JMBBM2062

To appear in: *Journal of the Mechanical Behavior of Biomedical Materials*

Received date: 5 July 2016
Revised date: 2 September 2016
Accepted date: 4 September 2016

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and a review of the resulting galley proof before it is published in its final citable form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Local deformation behavior of surface porous polyether-ether-ketone
