

Author's Accepted Manuscript

Mechanical optimization of the composite biomaterial based on the tricalcium phosphate, titania and magnesium fluoride

Ibticem Ayadi, Foued Ben Ayed

PII: S1751-6161(16)30040-6
DOI: <http://dx.doi.org/10.1016/j.jmbbm.2016.03.020>
Reference: JMBBM1853

To appear in: *Journal of the Mechanical Behavior of Biomedical Materials*

Received date: 18 January 2016
Revised date: 17 March 2016
Accepted date: 18 March 2016

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting galley proof before it is published in its final citable form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Mechanical optimization of the composite biomaterial based on the tricalcium
phosphate, titania and magnesium fluoride**
