Marginal quality and wear of extended posterior resin composite restorations: Eight-year results in vivo

Norbert Krämer, Pierre Küssner, Ila Motmaen, Michael Köhl, Bernd Wöstmann, Roland Frankenberger

www.elsevier.com/locate/jmbbm

PII: S1751-6161(15)00185-X
DOI: <http://dx.doi.org/10.1016/j.jmbbm.2015.05.018>
Reference: JMBBM1486

To appear in: *Journal of the Mechanical Behavior of Biomedical Materials*

Received date: 14 March 2015

Accepted date:
20 May 2015

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting galley proof before it is published in its final citable form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
