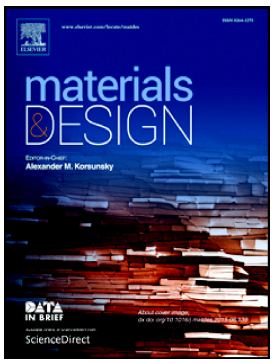
Accepted Manuscript



Transition in microstructural and mechanical behavior by reduction of sigma-forming element content in a novel high entropy alloy

Ahmad Raza, Byungchul Kang, Junho Lee, Ho Jin Ryu, Soon H. Hong

PII: S0264-1275(18)30121-7
DOI: doi:10.1016/j.matdes.2018.02.036
Reference: JMADE 3703

To appear in: *Materials & Design*

Received date: 22 November 2017
Revised date: 9 February 2018
Accepted date: 12 February 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
