Permeability and mechanical properties of plant fiber reinforced hybrid composites

Yan Li, Li Xie, Hao Ma

PII: S0264-1275(15)30058-7
DOI: doi: [10.1016/j.matdes.2015.06.164](https://doi.org/10.1016/j.matdes.2015.06.164)
Reference: JMADE 209

To appear in:

Received date: 12 February 2015
Revised date: 18 June 2015
Accepted date: 29 June 2015

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**permeability and mechanical properties of plant fiber reinforced hybrid
composites**
