

## Accepted Manuscript

Computational study of the role of fluid content and flow on the lumbar disc response in cyclic compression: Replication of *in vitro* and *in vivo* conditions

Petra Velísková, Maxim Bashkuev, Aboufazel Shirazi-Adl, Hendrik Schmidt

PII: S0021-9290(17)30572-9

DOI: <https://doi.org/10.1016/j.jbiomech.2017.10.032>

Reference: BM 8434

To appear in: *Journal of Biomechanics*

Accepted Date: 27 October 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
