

## Accepted Manuscript

Thoracolumbar spine loading associated with kinematics of the young and the elderly during activities of daily living

Dominika Ignasiak, Andrea Rüeger, Ramona Sperr, Stephen J. Ferguson

PII: S0021-9290(17)30688-7

DOI: <https://doi.org/10.1016/j.jbiomech.2017.11.033>

Reference: BM 8481

To appear in: *Journal of Biomechanics*

Accepted Date: 26 November 2017

Please cite this article as: D. Ignasiak, A. Rüeger, R. Sperr, S.J. Ferguson, Thoracolumbar spine loading associated with kinematics of the young and the elderly during activities of daily living, *Journal of Biomechanics* (2017), doi: <https://doi.org/10.1016/j.jbiomech.2017.11.033>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

*Original Article*

**Thoracolumbar spine loading associated with kinematics of the  
young and the elderly during activities of daily living**
