

## Accepted Manuscript

The contribution of the supraspinatus muscle at sub-maximal contractions

David Phillips, Peter Kosek, Andrew Karduna

PII: S0021-9290(17)30722-4

DOI: <https://doi.org/10.1016/j.jbiomech.2017.12.015>

Reference: BM 8501

To appear in: *Journal of Biomechanics*

Accepted Date: 11 December 2017

Please cite this article as: D. Phillips, P. Kosek, A. Karduna, The contribution of the supraspinatus muscle at sub-maximal contractions, *Journal of Biomechanics* (2017), doi: <https://doi.org/10.1016/j.jbiomech.2017.12.015>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

THE CONTRIBUTION OF THE SUPRASPINATUS MUSCLE AT SUB-MAXIMAL  
CONTRACTIONS

David Phillips<sup>1</sup>, Peter Kosek<sup>2</sup> and Andrew Karduna<sup>3</sup>
