Nanoimprinting of biomedical polymers reduces candidal physical adhesion

Hasanain Alalwan, Christopher J Nile, Ranjith Rajendran, Robert McKerlie, Paul Reynolds, Nikolaj Gadegaard, Gordon Ramage

PII: S1549-9634(18)30022-4
DOI: <https://doi.org/10.1016/j.nano.2018.01.011>
Reference: NANO 1745

To appear in:

Received date: 31 August 2017
Revised date: 16 January 2018
Accepted date: 21 January 2018

Please cite this article as: Hasanain Alalwan, Christopher J Nile, Ranjith Rajendran, Robert McKerlie, Paul Reynolds, Nikolaj Gadegaard, Gordon Ramage , Nanoimprinting of biomedical polymers reduces candidal physical adhesion. The address for the corresponding author was captured as affiliation for all authors. Please check if appropriate. Nano(2018), <https://doi.org/10.1016/j.nano.2018.01.011>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Nanoimprinting of biomedical polymers reduces candidal physical adhesion

Hasanain Alalwan BDS¹, Christopher J Nile PhD¹, Ranjith Rajendran PhD¹, Robert McKerlie MSc¹, Paul Reynolds PhD², Nikolaj Gadegaard PhD², and Gordon Ramage PhD^{1*}

¹Oral Sciences Research Group, School of Medicine, Dentistry and Nursing, College of Medical, Veterinary and Life Sciences; ²Division of Biomedical Engineering, School of Engineering, University of Glasgow, Glasgow, UK

Running title: Nanoimprinting reduces yeast adhesion

Abstract word count: 80 words

Manuscript words: 1512

References: 25

Number of Figures: 4

Number of Tables: 0

Supplementary: 0

Disclosures: Gordon Ramage has received research funding and participated in advisory boards for GlaxoSmithKline Oral Healthcare, and has acted as a consultant for Gilead Sciences.

Conflicts: There are no conflicts of interest

*Corresponding Author: Gordon Ramage, Oral Sciences Research Group, Glasgow Dental School, School of Medicine, Dentistry and Nursing, College of Medical, Veterinary and Life Sciences, University of Glasgow, 378 Sauchiehall
