Short title: Heparin as targeting agent in antimalarial therapy

This work was supported by grant BIO2011-25039 from the *Ministerio de Economía y Competitividad*, Spain, which included FEDER funds, and by grant 2009SGR-760 from the *Generalitat de Catalunya*, Spain. A PFIS grant from *Instituto de Salud Carlos III* is acknowledged by P. Urbán. C. Sevrin has received the financial support of Interreg grant BioMimedics.

Patent application: Heparin-lipidic nanoparticle conjugates. Inventors: Fernández-Busquets, X., Marques, J., Moles, E. Institutions: IBEC, CRESIB. Application number: EP13152187.4; priority country: Europe; priority date: January 22, 2013.
