This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Highlights**

- Community perceptions of local enterprises in the Asopos river area are explored.
- Increased concern was observed in the area regarding the low levels of environmental quality
- Low levels of awareness were presented regarding CSR activities from local enterprises
- Networks between local enterprises and citizens were very weak
