This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Highlights:

- We explore the relationship between employee trust and workplace performance;
- We establish a theoretical link between employee trust and firm performance;
- We analyse matched workplace and employee data;
- We find a positive relationship between workplace performance and employee trust;
- Restricting paid overtime and access to training potentially erode employee trust.
