

## Accepted Manuscript

Examining parental monitoring as a moderator of the relationship between depressed mood and alcohol use and problems

Irene M. Geisner, Bradley M. Trager, Brittney A. Hultgren, Mary Larimer, Kimberly A. Mallett, Rob Turrisi

PII: S0306-4603(18)30074-1  
DOI: doi:[10.1016/j.addbeh.2018.02.011](https://doi.org/10.1016/j.addbeh.2018.02.011)  
Reference: AB 5470

To appear in: *Addictive Behaviors*

Received date: 28 July 2017  
Revised date: 6 February 2018  
Accepted date: 7 February 2018

Please cite this article as: Irene M. Geisner, Bradley M. Trager, Brittney A. Hultgren, Mary Larimer, Kimberly A. Mallett, Rob Turrisi, Examining parental monitoring as a moderator of the relationship between depressed mood and alcohol use and problems. The address for the corresponding author was captured as affiliation for all authors. Please check if appropriate. Ab(2017), doi:[10.1016/j.addbeh.2018.02.011](https://doi.org/10.1016/j.addbeh.2018.02.011)

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Running Head: Parental Monitoring as a moderator

# Examining Parental Monitoring as a Moderator of the Relationship Between Depressed Mood and Alcohol Use and Problems
