**Statement of competing interests:** Harveen Kaur Ubhi, Susan Michie, David Sheard and Abiram Selladurai declare that they have no conflict of interest. Robert West and Onno C.P. van Schayck have undertaken research and consultancy for companies that develop and manufacture smoking cessation medications. Daniel Kotz received an unrestricted grant from Pfizer for a smoking cessation trial. All procedures were conducted in accordance with the ethical standards of the responsible committee on human experimentation (institutional and national) and with the Helsinki Declaration of 1975, as revised in 2000.

**Funding and acknowledgements:** This study was funded by the National Centre for Smoking Cessation and Training (NCSCT). The funders played no role in the design, conduct or analysis of the study, nor in the interpretation and reporting of the study findings. The researchers were independent from the funders.
