

Accepted Manuscript

An exploration of the frequency, location, and content of parents' health- and weight-focused conversations with their children and associations with child weight status

Amanda C. Trofholz, Allan D. Tate, Jerica M. Berge

PII: S1471-0153(17)30204-0
DOI: doi:[10.1016/j.eatbeh.2018.03.007](https://doi.org/10.1016/j.eatbeh.2018.03.007)
Reference: EATBEH 1215
To appear in: *Eating Behaviors*
Received date: 31 May 2017
Revised date: 20 March 2018
Accepted date: 28 March 2018

Please cite this article as: Amanda C. Trofholz, Allan D. Tate, Jerica M. Berge , An exploration of the frequency, location, and content of parents' health- and weight-focused conversations with their children and associations with child weight status. The address for the corresponding author was captured as affiliation for all authors. Please check if appropriate. *Eatbeh*(2017), doi:[10.1016/j.eatbeh.2018.03.007](https://doi.org/10.1016/j.eatbeh.2018.03.007)

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

An Exploration of the Frequency, Location, and Content of Parents' Health- and Weight-Focused Conversations with their Children and Associations with Child Weight Status

Amanda C. Trofholz, MPH^a, RD; Allan D. Tate, MPH^a; Jerica M. Berge, PhD, MPH, LMFT^a, CFLE
