

## Accepted Manuscript

Upregulation of neuronal kynurenine 3-monooxygenase mediates depression-like behavior in a mouse model of neuropathic pain

Geoffroy Laumet, Wenjun Zhou, Robert Dantzer, Jules D. Edralin, XiaoJiao Huo, David P. Budac, Jason C. O'Connor, Anna W. Lee, Cobi J. Heijnen, Annemieke Kavelaars

PII: S0889-1591(17)30215-5  
DOI: <http://dx.doi.org/10.1016/j.bbi.2017.07.008>  
Reference: YBRBI 3183

To appear in: *Brain, Behavior, and Immunity*

Received Date: 16 December 2016  
Revised Date: 10 July 2017  
Accepted Date: 10 July 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

# Upregulation of neuronal kynurenine 3-monooxygenase mediates depression-like behavior in a mouse model of neuropathic pain

Geoffroy Laumet<sup>a,1</sup>, Wenjun Zhou<sup>a,1,2</sup>, Robert Dantzer<sup>a</sup>, Jules D. Edralin<sup>a</sup>, XiaoJiao Huo<sup>a</sup>, David P. Budac<sup>b</sup>, Jason C. O'Connor<sup>c</sup>, Anna W. Lee<sup>d</sup>, Cobi J. Heijnen<sup>a</sup>, Annemieke Kavelaars<sup>a\*</sup>

- a. Laboratory of Neuroimmunology, Department of Symptom Research, The University of Texas MD Anderson Cancer Center, Houston, TX, USA
  - b. Bioanalysis and Physiology, Lundbeck Research, Paramus, NJ, USA
  - c. Department of Pharmacology, The University of Texas Health Science Center and Audie L. Murphy VA Hospital, South Texas Veteran's Health Care System, San Antonio, TX, USA
  - d. Neuroinflammation Disease Biology Unit, Lundbeck Research USA, Paramus, NJ, USA at the time the analysis of kynurenine metabolites was carried out.
1. Indicates equal contribution from both authors: co-first authorship
  2. Present address: Department of Medicine, Division of Endocrinology, Baylor College of Medicine, Houston, TX, USA
