Inflammatory transcription factors as activation markers and functional readouts in immune-to-brain communication

Christoph Rummel

PII: S0889-1591(15)30011-8
DOI: http://dx.doi.org/10.1016/j.bbi.2015.09.003
Reference: YBRBI 2700

To appear in: *Brain, Behavior, and Immunity*

Received Date: 16 April 2015
Revised Date: 31 August 2015
Accepted Date: 4 September 2015

Please cite this article as: Rummel, C., Inflammatory transcription factors as activation markers and functional readouts in immune-to-brain communication, *Brain, Behavior, and Immunity* (2015), doi: http://dx.doi.org/10.1016/j.bbi.2015.09.003

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
