

## Accepted Manuscript

Title: Post-Operative Cognitive Dysfunction: An exploration of the inflammatory hypothesis and novel therapies.

Authors: David R. Skvarc, Michael Berk, Linda K. Byrne, Olivia M. Dean, Seetal Dodd, Matthew Lewis, Andrew Marriott, Eileen M. Moore, Gerwyn Morris, Richard S. Page, Laura Gray

PII: S0149-7634(17)30595-X  
DOI: <https://doi.org/10.1016/j.neubiorev.2017.11.011>  
Reference: NBR 3002

To appear in:

Received date: 18-8-2017  
Revised date: 16-10-2017  
Accepted date: 20-11-2017

Please cite this article as: Skvarc, David R., Berk, Michael, Byrne, Linda K., Dean, Olivia M., Dodd, Seetal, Lewis, Matthew, Marriott, Andrew, Moore, Eileen M., Morris, Gerwyn, Page, Richard S., Gray, Laura, Post-Operative Cognitive Dysfunction: An exploration of the inflammatory hypothesis and novel therapies. *Neuroscience and Biobehavioral Reviews* <https://doi.org/10.1016/j.neubiorev.2017.11.011>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
