Title: Linking Cognitive and Visual Perceptual Decline in Healthy Aging: The Information Degradation Hypothesis

Author: Zachary A. Monge David J. Madden

PII: S0149-7634(16)30294-9

DOI: <http://dx.doi.org/doi:10.1016/j.neubiorev.2016.07.031>

Reference: NBR 2536

To appear in:

Received date: 12-5-2016

Revised date: 25-7-2016

Accepted date: 26-7-2016

Please cite this article as: Monge, Zachary A., Madden, David J., Linking Cognitive and Visual Perceptual Decline in Healthy Aging: The Information Degradation Hypothesis. *Neuroscience and Biobehavioral Reviews* <http://dx.doi.org/10.1016/j.neubiorev.2016.07.031>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Linking Cognitive and Visual Perceptual Decline in Healthy Aging: The Information
Degradation Hypothesis
