

## Accepted Manuscript

Title: Conceptualizing the Neurobiology of Non-Suicidal Self-Injury from the Perspective of the Research Domain Criteria Project

Author: Melinda Westlund Schreiner Bonnie Klimes-Dougan  
Erin D. Begnel Kathryn R. Cullen

PII: S0149-7634(15)00245-6  
DOI: <http://dx.doi.org/doi:10.1016/j.neubiorev.2015.09.011>  
Reference: NBR 2270

To appear in:

Received date: 14-2-2015  
Revised date: 11-9-2015  
Accepted date: 24-9-2015

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

- Research Domain Criteria (RDoC) initiative highlights areas of future NSSI research
- NSSI neuroimaging research has identified anomalies in all RDoC domains
- Further research is needed to aid in a more comprehensive understanding of NSSI
- Future research must examine NSSI independent of diagnosis and across development
