## Accepted Manuscript

The use of repetition suppression paradigms in developmental cognitive neuroscience

Marisa Nordt, Stefanie Hoehl, Sarah Weigelt

PII: S0010-9452(16)30061-2

DOI: 10.1016/j.cortex.2016.04.002

Reference: CORTEX 1718

To appear in: *Cortex* 

Received Date: 12 November 2015

Revised Date: 29 February 2016

Accepted Date: 4 April 2016

Please cite this article as: Nordt M, Hoehl S, Weigelt S, The use of repetition suppression paradigms in developmental cognitive neuroscience, *CORTEX* (2016), doi: 10.1016/j.cortex.2016.04.002.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
