This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Title: History of major depression as a barrier to health behavior changes after a chronic disease diagnosis

Xiaoling Xiang, Ph.D, MSW

Affiliation: Center for Education in Health Sciences,
Feinberg School of Medicine, Northwestern University

Address: 633 North St. Clair, 20th floor, Chicago, IL, 60611

Email: xiaoling.xiang@northwestern.edu

Tel: 312-503-5516

Acknowledgement

This study was developed from the doctoral dissertation of the author. She would like to thank her dissertation committee (Chris Larrison, PhD, Ruopeng An, PhD, Min Zhan, PhD, and Sarah Gehlert, PhD) for their guidance for her dissertation. She would also like to extend her appreciation to Dr. Allen Heinemann for his feedback on this paper. The writing of this paper was done while the author was a postdoctoral fellow under a grant from the US Department of Health and Human Services, Administration for Community Living, NIDILRR grant number H133P130013 (PI: Allen Heinemann, PhD). However, those contents do not necessarily represent the funding agency, and you should not assume endorsement by the Federal Government.
