This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Domain-specific perfectionism: An examination of perfectionism beyond the trait-level and its
link to well-being

Shelby L. Levine

Marina Milyavskaya

Carleton University

Author Note: Preparation of this manuscript was supported by a New Investigator Fellowship Grant to M. Milyavskaya from the Ontario Mental Health Foundation.

Statement of Contributions: SL came up with the research question. SL and MM designed a study to test this hypothesis. SL collected the data. SL and MM analyzed the data. SL wrote the paper with feedback from MM.
