“Disability as deprivation of capabilities: Estimation using a large-scale survey in Morocco and Tunisia and an instrumental variable approach”

Jean-Francois Trani, Brown School, Washington University in St Louis.

Parul Bakhshi, Program in Occupational Therapy, Washington University in St Louis.

Derek Brown, Brown School, Washington University in St Louis.

Dominique Lopez, Independent researcher.

Fiona Gall, Agency Coordinating Body for Afghan Relief and Development

Jean-Francois Trani, Brown School, Washington University in St Louis, Campus Box 1196, One Brookings Drive, St. Louis, MO 63130, jtrani@wustl.edu. Corresponding author.

Acknowledgements:

We are thankful to Clement Bayetti for useful comments on earlier versions of the present manuscript. We thank the data collection team for their effort in gathering quality data. We are also thankful to thousands of families randomly selected in Rabat-Salé and Chaouia-Ouardhiga (Morocco) and in Tunis and Beja (Tunisia) for taking part in the present study. Finally we are grateful to Humanité et Inclusion in Morocco and Tunisia as well as to the Collectif pour la Promotion des Droits des Personnes en Situation de Handicap du Maroc and the Organisation pour la Défense des Droits des Personnes en Situation de Handicap de Tunisie for making this research possible.
