Acknowledgements:

We thank the participants who participated in this research study. Jillian Kratzer and Irfan Dhalla provided study guidance. Jillian Kratzer also collected some of the study data. Sue Troyan and Sandra Costa provided assistance with recruitment of the Hamilton participants. Dawn Mooney provided design support for the tables and figures. Irfan Dhalla, Sara Guilcher, and Ellen Randall provided helpful feedback on an earlier version of the paper. This study was funded through support from the Canadian Institutes of Health Research operating grant (number 20R 26295). Michael Law received salary support through a Canada Research Chair in Access to Medicines and a Michael Smith Foundation for Health Research Scholar Award. Michael Law has consulted for Health Canada.
