This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Manuscript Number: SSM-D-15-00469

Manuscript Title: Diffusion of Innovations Theory Applied to Global Tobacco Control Treaty Ratification

Order of Authors:

Thomas W. Valente, PhD¹

Stephanie R. Dyal, BS¹

Kar-Hai Chu, PhD¹

Heather Wipfli, PhD¹

Kayo Fujimoto, PhD²

¹Department of Preventive Medicine, Keck School of Medicine, University of Southern California

²Center for Health Promotion and Prevention Research, School of Public Health, University of Texas

Corresponding author: Thomas W. Valente, tvalente@usc.edu, Institute for Prevention Research, Department of Preventive Medicine, Keck School of Medicine, University of Southern California, 2001 N. Soto Ave, Los Angeles, CA 90034

Acknowledgment/s: This study was supported by grant R01 CA157577 from the National Cancer Institute (Valente, PI). Drafts of these results were presented at several annual meetings of the International Network for Social Network Analysis and we thank attendees for comments on our preliminary findings as well as Nynke Niezink and Rebecca Davis for comments on earlier drafts. We also thank Julie Torode, Robert Hradil, and the Union for International Cancer Control for providing access to the GLOBALink data.
