Children's self reported discomforts as participants in clinical research

Mira S. Staphorst, MSc., Joke A.M. Hunfeld, Suzanne van de Vathorst, Jan Passchier, Johannes B. van Goudoever

PII: S0277-9536(15)30071-X

DOI: [10.1016/j.socscimed.2015.08.019](https://doi.org/10.1016/j.socscimed.2015.08.019)

Reference: SSM 10202

To appear in: *Social Science & Medicine*

Received Date: 27 October 2014

Revised Date: 10 August 2015

Accepted Date: 12 August 2015

Please cite this article as: Staphorst, M.S., Hunfeld, J.A.M., Vathorst, S.v.d., Passchier, J., van Goudoever, J.B., on behalf of the BURDEN-group, Children's self reported discomforts as participants in clinical research, *Social Science & Medicine* (2015), doi: 10.1016/j.socscimed.2015.08.019.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Children's self reported discomforts as participants in clinical research

Acknowledgements

We would like to thank all the children who were interviewed for our study. We gratefully acknowledge the research funding provided by The Netherlands Organization for Health Research and Development (grant #113203202). In particular, we would like to thank the researchers of the BURDEN-group. They informed the children and their parents about our study and performed the medical procedures of the research studies in which discomfort was evaluated.
