This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Highlights

- We study whether organizational capital is transferrable across firms via mergers.
- Acquirers gain more from acquiring firms with higher organizational capital.
- Acquirers also pay more for targets with higher organizational capital.
- The evidence suggests that organizational capital is indeed transferrable.
