This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and a review of the resulting galley proof before it is published in its final citable form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Coordination and Information Sharing about Pest Resistance*

First version: March 2015

This version: May 2017

*We would like to thank Corinne Langinier, James Rude, Anne-Sophie Walker, Till Requate (the editor) and seminar participants at Université Savoie-Mont Blanc, Université Grenoble-Alpes, JMA (Montpellier) 2015 conference, and CAES (Montreal) 2017 conference for useful discussions and comments. We also want to thank two anonymous referees whose detailed and insightful comments have greatly improved the manuscript. Of course, all remaining errors are our own. This research was supported by the INRA grant research project FONDU on pesticide resistance (SMaCH métaprogramme).
