This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

# The Effect of Mortgage Broker Licensing under the Originate-to-Distribute Model: Evidence from the U.S. Mortgage Market

Lan Shi, Enterprise Risk Analysis Division

Yan Zhang, Enterprise Risk Analysis Division

*Office of the Comptroller of the Currency*

This version: March 2018

First version: June 2012

**Keywords:** mortgage; securitization; originate-to-distribute; brokers; information asymmetry; moral hazard; incentives; occupational licensing

**JEL classifications:** D82; G21; G28; J44; L1.

Lan Shi is the Senior Financial Economist of the Office of the Comptroller of the Currency. Yan Zhang is the Lead Modeling Expert of the Office of the Comptroller of the Currency. To comment, please contact Lan Shi at Office of the Comptroller of the Currency, 400 7<sup>th</sup> St. SW, Washington, DC 20219, or call (202) 649-7924; or e-mail lan.shi@occ.treas.gov.

**Authors Note:** We thank the participants at the University of Washington (Economics Department) seminar, AREUEA 2012 midyear meeting, OCC seminar (in 2013), WFA 2012, and AEA 2013 for their valuable comments and discussion. We particularly wish to thank Ken H. Johnson, Benjamin Keys, and Susan Woodward for their discussions of the paper and Yoram Barzel, Bo Becker, Itzhak Ben-David, Chau Do, Peng Liu, Fahad Khalil, Jacques Lawarree, Irina Paley, and the referees at *Journal of Financial Intermediation* for their helpful comments. The views expressed in this paper are those of the authors alone and do not necessarily reflect those of the Office of the Comptroller of the Currency or the U.S. Department of the Treasury. The authors take responsibility for any errors.
