We are grateful to two anonymous referees for detailed comments and suggestions that greatly improved the paper. We also thank participants at several seminars and conferences for useful comments and suggestions, and we thank Ministério do Trabalho, Solidariedade e Segurança Social and Instituto Nacional de Estatística for allowing access to data from Quadros de Pessoal and Inquérito à Utilização de Tecnologias da Informação e da Comunicação nas Empresas. This work was carried out within the funding with COMPETE reference number POCI-01-0145-FEDER-006683, with the FCT/MEC's (Fundação para a Ciência e a Tecnologia, I.P.) financial support through national funding and by the ERDF through the Operational Programme on Competitiveness and Internationalization – COMPETE 2020 under the PT2020 Partnership Agreement. Research for this paper was also supported in part by the World Bank's Multidonor Trust Fund for Trade and Development and through the Strategic Research Program on Economic Development. The views expressed herein are those of the authors only and not those of the World Bank. We remain responsible for any errors.
