This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Trade-Induced Displacements and Local Labor Market Adjustments in the U.S.*

Illenin O. Kondo¹, kondo@illenin.com

¹University of Notre Dame, Department of Economics, 3060 Jenkins Nanovic Halls, Notre Dame, IN 46556, USA

* I thank Cristina Arellano, Tim Kehoe, and Fabrizio Perri for their continued, patient, and illuminating advice. I also thank Gordon Hanson, Steve Redding, and two anonymous referees for their constructive suggestions. I am deeply grateful to my discussants George Alessandria, Lorenzo Caliendo, Max Dvorkin, Joel Rodrigue, and John Stevens, as well as my colleagues and seminar participants at the Cleveland Fed, Minneapolis Fed, Federal Reserve Board, Minnesota, Clemson, Drexel, Northwestern, NUS, American, Pittsburgh, Penn, Vigo, UVa Darden, Miami U, Notre Dame, Midwest Trade at MSU, SED in Seoul, RMEIT in Banff, USITC, BLS, Office of Trade Adjustment Assistance, U.S. Census Bureau, Econometric Society in Minneapolis, Barcelona GSE Summer Forum, NBER ITI, and NBER Trade and Labor Markets. I am indebted to Justin Pierce and Peter Schott who graciously shared their county-level data on NTR gaps and to Robert Tamura for sharing U.S. state-level productivity data. I gratefully acknowledge the University of Minnesota Doctoral Dissertation Fellowship for financial support. All shortcomings are mine alone. This paper is a major revision, especially in the empirical section, of the manuscript initially circulated "Trade Reforms, Foreign Competition, and Labor Market Adjustments in the U.S." First version under previous title: November 15, 2011.
