“This article was elaborated in the context of INCASI Network coordinated by Dr. Pedro López-Roldán, a European project that has received funding from the European Union’s Horizon 2020 research and innovation programme under the Marie Skłodowska-Curie GA No 691004”. “This article reflects only the author's view and the Agency is not responsible for any use that may be made of the information it contains”.

Highlights

- Argentina distinguished amongst other Latin American countries by its wide middle classes and an urban working class as well as by the openness of the class structure.
- The economic decline and job crisis during the market oriented reforms caused the corrosion of the working class welfare conditions.
