Accepted date: 23-12-2014

Please cite this article as: H. Son, The history of Western futures studies: an exploration of the intellectual traditions and three-phase periodization, *Futures* (2015), <http://dx.doi.org/10.1016/j.futures.2014.12.013>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

- An examination of diverse histories of futures studies as a literature review
- Exploration of five intellectual traditions that affected the very foundations of futures studies
- We frame the history of modern futures studies in terms of three-phase periodization.
