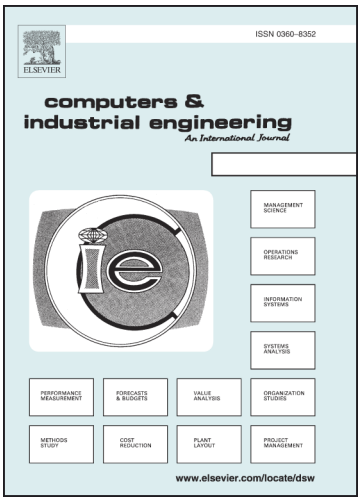
Accepted Manuscript



The research and comparison of multi-objective portfolio based on intuitionistic fuzzy optimization

Xue Deng, Xueqin Pan

PII: S0360-8352(18)30367-X
DOI: https://doi.org/10.1016/j.cie.2018.07.044
Reference: CAIE 5344

To appear in: *Computers & Industrial Engineering*

Received Date: 14 December 2017
Revised Date: 25 July 2018
Accepted Date: 26 July 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

ACCEPTED MANUSCRIPT

The research and comparison of multi-objective portfolio based on intuitionistic fuzzy optimization

Title Page including Author Details

Xue Deng (Ph.D., full professor) was born in April, 1974, in China, and majored in Management Science and Engineering; the research field is portfolio and risk analysis, dxue@scut.edu.cn. School of Mathematics, South China University of Technology, Guangzhou, China 510640.

Xueqin Pan (Graduate Student) was born in May, 1994, in China, and majored in Probability and Mathematical Statistics; the research field is mathematical finance and its application, 2712833756@qq.com. School of Mathematics, South China University of Technology, Guangzhou, China 510640.
