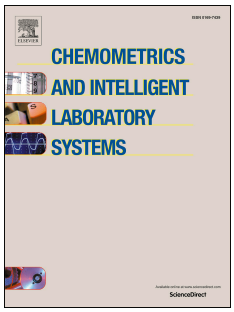
Accepted Manuscript



Support vector regression coupled with wavelength selection as a robust analytical method

Felipe Soares, Michel J. Anzanello

PII: S0169-7439(17)30563-4

DOI: 10.1016/j.chemolab.2017.12.007

Reference: CHEMOM 3559

To appear in: *Chemometrics and Intelligent Laboratory Systems*

Received Date: 27 August 2017

Revised Date: 14 November 2017

Accepted Date: 9 December 2017

Please cite this article as: F. Soares, M.J. Anzanello, Support vector regression coupled with wavelength selection as a robust analytical method, *Chemometrics and Intelligent Laboratory Systems* (2018), doi: 10.1016/j.chemolab.2017.12.007.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
