

## Accepted Manuscript

Validation of an analytical method for the quantitative determination of selenium in bacterial biomass by ultraviolet-visible spectrophotometry

Ana Paula Mörschbacher, Anja Dullius, Carlos Henrique Dullius, Cassiano Ricardo Bandt, Daniel Kuhn, Débora Tairini Brietzke, Fernando José Malmann Kuffel, Henrique Pretto Etgeton, Taciélen Altmayer, Tamara Engelmann Gonçalves, Eliézer Quadro Oreste, Anderson Schwingel Ribeiro, Cláucia Fernanda Volken de Souza, Lucélia Hoehne

PII: S0308-8146(18)30293-0  
DOI: <https://doi.org/10.1016/j.foodchem.2018.02.057>  
Reference: FOCH 22441

To appear in: *Food Chemistry*

Received Date: 11 April 2017  
Revised Date: 11 September 2017  
Accepted Date: 11 February 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
