Synthesis and characterization of glucosyl stevioside using *Leuconostoc* dex-transucrase

Jin-A. Ko, Seung-Hee Nam, Ji-Young Park, YongJung Wee, Doman Kim, Woo Song Lee, Young Bae Ryu, Young-Min Kim

PII:	\$0308-8146(16)30727-0
DOI:	http://dx.doi.org/10.1016/j.foodchem.2016.05.046
Reference:	FOCH 19195
To appear in:	Food Chemistry
Received Date:	21 January 2016
Revised Date:	15 April 2016
Accepted Date:	9 May 2016

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
