

## Accepted Manuscript

Development of dummy molecularly imprinted based on functionalized silica nanoparticles for determination of acrylamide in processed food by matrix solid phase dispersion

Maryam Arabi, Mehrorang Ghaedi, Abbas Ostovan

PII: S0308-8146(16)30607-0

DOI: <http://dx.doi.org/10.1016/j.foodchem.2016.04.080>

Reference: FOCH 19087

To appear in: *Food Chemistry*

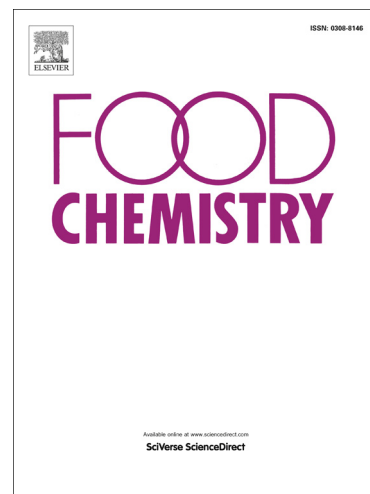

Received Date: 7 December 2015

Revised Date: 11 April 2016

Accepted Date: 17 April 2016

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
