Detecting ethanol and acetaldehyde by simple and ultrasensitive fluorimetric methods in compound foods

M. Zachut, F. Shapiro, N. Silanikove

PII: S0308-8146(16)30079-6

DOI: <http://dx.doi.org/10.1016/j.foodchem.2016.01.079>

Reference: FOCH 18653

To appear in: *Food Chemistry*

Received Date: 15 July 2015

Revised Date: 20 October 2015

Accepted Date: 19 January 2016

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
