In vitro digestibility and *in vivo* glucose response of native and physically modified rice starches varying amylose contents

Pham Van Hung, Thi Chau Huynh, Thi Lan Phi Nguyen

PII: S0308-8146(15)00309-X
DOI: <http://dx.doi.org/10.1016/j.foodchem.2015.02.118>
Reference: FOCH 17217

To appear in: *Food Chemistry*

Received Date: 8 November 2014
Revised Date: 23 February 2015
Accepted Date: 23 February 2015

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

1 ***In vitro* digestibility and *in vivo* glucose response of native and physically**
2 **modified rice starches varying amylose contents**
