Analytical Methods

Use of an enzyme-assisted method to improve protein extraction from olive leaves

M. Vergara-Barberán, M.J. Lerma-García, J.M. Herrero-Martínez, E.F. Simó-Alfonso

PII: S0308-8146(14)01164-9

DOI: <http://dx.doi.org/10.1016/j.foodchem.2014.07.116>

Reference: FOCH 16182

To appear in: *Food Chemistry*

Received Date: 4 September 2013

Revised Date: 10 February 2014

Accepted Date: 24 July 2014

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
