

Accepted Manuscript

Composition, structure, morphology and physicochemical properties of lablab bean, navy bean, rice bean, tepary bean and velvet bean starches

S. Maaran, R. Hoover, E. Donner, Q. Liu

PII: S0308-8146(13)01869-4
DOI: <http://dx.doi.org/10.1016/j.foodchem.2013.12.014>
Reference: FOCH 15130

To appear in: *Food Chemistry*

Received Date: 6 September 2013
Revised Date: 25 November 2013
Accepted Date: 3 December 2013

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Composition, structure, morphology and physicochemical properties of lablab
bean, navy bean, rice bean, tepary bean and velvet bean starches**
