

## Accepted Manuscript

Title: Star-shaped oligothiophene-functionalized truxene materials as stationary phases for capillary gas chromatography

Authors: Qiaochu Zhang, Meiling Qi, Jinliang Wang

PII: S0021-9673(17)31514-5  
DOI: <https://doi.org/10.1016/j.chroma.2017.10.028>  
Reference: CHROMA 358933

To appear in: *Journal of Chromatography A*

Received date: 5-7-2017  
Revised date: 6-10-2017  
Accepted date: 9-10-2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Star-shaped oligothiophene-functionalized truxene materials as  
stationary phases for capillary gas chromatography**
