Title: Tracing Gadolinium-based Contrast Agents from Surface Water to Drinking Water by means of Speciation Analysis

Author: Marvin Birka Christoph A. Wehe Oliver Hachmüller
Michael Sperling Uwe Karst

PII: S0021-9673(16)30166-2
DOI: <http://dx.doi.org/doi:10.1016/j.chroma.2016.02.050>
Reference: CHROMA 357324

To appear in: *Journal of Chromatography A*

Received date: 4-8-2015
Revised date: 8-2-2016
Accepted date: 14-2-2016

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Tracing Gadolinium-based Contrast Agents from Surface Water to Drinking Water by means of Speciation Analysis
