Title: Insight into the retention processes of phthalate metabolites on different liquid chromatography stationary phases for the development of improved separation methods

Author: B. Gómara R. Lebrón-Aguilar M.J. González J.E. Quintanilla-López

PII: S0021-9673(15)01548-4
DOI: <http://dx.doi.org/doi:10.1016/j.chroma.2015.10.069>
Reference: CHROMA 356984

To appear in: *Journal of Chromatography A*

Received date: 27-8-2015
Revised date: 20-10-2015
Accepted date: 22-10-2015

Quintanilla-López, Insight into the retention processes of phthalate metabolites on different liquid chromatography stationary phases for the development of improved separation methods, *Journal of Chromatography A* (2015), <http://dx.doi.org/10.1016/j.chroma.2015.10.069>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

1 **Insight into the retention processes of phthalate metabolites on different liquid**
2 **chromatography stationary phases for the development of improved separation**
3 **methods**
