Accepted Manuscript

Title: Quantitative determination of the anti-tumor agent tasquinimod in human urine by liquid chromatography—tandem mass spectrometry

Author: Nico C. van de Merbel Peter Walland Mikael Tiensuu

Carl J. Sennbro

PII: S1570-0232(14)00307-9

DOI: http://dx.doi.org/doi:10.1016/j.jchromb.2014.05.007

Reference: CHROMB 18930

To appear in: *Journal of Chromatography B*

Received date: 27-2-2014 Revised date: 29-4-2014 Accepted date: 4-5-2014

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Quantitative determination of the anti-tumor agent tasquinimod in human urine by liquid chromatography – tandem mass spectrometry
