Title: Determination of domperidone in human plasma using high performance liquid chromatography with fluorescence detection for clinical application

Author: Tsuneaki Yoshizato Kimiko Tsutsumi Tsutomu Kotegawa Hiromitsu Imai Shigeyuki Nakano

PII: S1570-0232(14)00304-3
DOI: <http://dx.doi.org/doi:10.1016/j.jchromb.2014.05.004>
Reference: CHROMB 18927

To appear in: *Journal of Chromatography B*

Received date: 8-2-2014
Revised date: 17-4-2014
Accepted date: 4-5-2014

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Determination of domperidone in human plasma using high performance liquid chromatography with fluorescence detection for clinical application
