

## Accepted Manuscript

Title: Liquid chromatography-tandem mass spectrometry for the quantification of moxifloxacin, ciprofloxacin, daptomycin, caspofungin, and isavuconazole in human plasma

Authors: Julian Hösl, André Gessner, Nahed El-Najjar

PII: S0731-7085(18)30430-8  
DOI: <https://doi.org/10.1016/j.jpba.2018.05.015>  
Reference: PBA 11966

To appear in: *Journal of Pharmaceutical and Biomedical Analysis*

Received date: 19-2-2018  
Revised date: 4-5-2018  
Accepted date: 11-5-2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
